Instructions for Idaho Form 75

WHO MAY FILE

- Any person or entity that has purchased 50 gallons or more of tax-paid fuel and used the fuel for a nontaxable purpose.

Form 75 may be filed only by the final user of the fuel.

- Any refund or tax due to a partnership or corporation must be claimed by the business. It may not be applied to the individual returns filed by partners or shareholders.
- Any refund or tax due to a sole proprietorship must be claimed by the individual.

You may claim a refund or report fuels tax due in one of the following ways:

- Monthly
- Quarterly
- Annually
- Alternate period (any period greater than one month)
- If you file the claim with your Idaho income tax return, report the amount of the tax due or refund amount on the proper line of the return and attach the Form 75 to the return. **NOTE: Do not claim a refund for tax-paid fuel on your Idaho income tax return if you have claimed a refund for the same tax-paid fuel on a separate Form 75 filed during the year.**

You may claim a refund of Idaho fuels tax if:

- You buy fuel with Idaho fuels tax included, but use the fuel in a nontaxable manner. This includes using the fuel: in unlicensed equipment; to operate a stationary engine; in a refrigeration unit or other auxiliary equipment that has a supply tank separate from the main supply tank of the motor vehicle; or for home heating. You may not claim a refund for fuel used in recreational vehicles or noncommercial motor boats.
- You file reports under the International Fuel Tax Agreement (IFTA) or operate an intrastate motor vehicle and use fuel from the main supply tank of a licensed motor vehicle to operate power take-off equipment (special fuels only) or auxiliary engines (special fuels and gasoline). IFTA carriers must submit a copy of their IFTA report and copies of their original fuel invoices. Intrastate motor vehicle operators must complete and attach the Idaho Fuels Tax Refund Worksheet, Form 75-IMV. The allowances are listed in the Idaho Fuels Tax Administrative Rules. For more information, visit our Web site at www2.state.id.us/tax/ifta.htm.

Line 1. Enter the number of gallons of fuel (*rounded to the nearest whole gallon*) used in a nontaxable manner during the filing period in the appropriate column by fuel type.

- You use special fuels in a motor vehicle owned or leased, and operated by an instrumentality of the federal government or state of Idaho, including its political subdivisions (local government).

The fuel may be subject to Idaho sales or use tax if it is exempt from the Idaho fuels tax. If any sales or use tax is due, it should be reported on either your Idaho income tax return, Idaho sales and use tax return, or Idaho use tax return, Form 850-U. Form 850-U is available on our Web site at www2.state.id.us/tax/ifta.htm.
